

# OFFLU Swine Influenza Virus Group

---

# Members of the group

---

- All can provide expert advice on SIV and are actively engaged in surveillance
- Proposed that Chair and co-Chair have staggered 2 year terms

## Co-chairs:

- Kristien van Reeth, Belgium
- Amy Vincent, US

## Participants:

- Lina Awada, France
- Ian Brown, UK
- Janice Ciacci-Zanella, Brazil
- Filip Claes, Italy
- Ruben Donis, US
- Kate Glynn, France
- Marie Gramer, US
  - Ariel Pereda (Argentina)
  - Tung Nguyen (Vietnam)

- Keith Hamilton, France

- Nicola Lewis, UK

- Liz Mumford, Switzerland

- Sujira Parchariy  land

- John Pasick, Canada

- Gounalan Pavade, France

- Malik Peiris, Hong Kong

- Takehiko Saito, Japan

- Sabrina Swenson, US

- Richard Webby, US

- Frank Wong, Australia \_\_\_\_\_

# OFFLU SIV group objectives

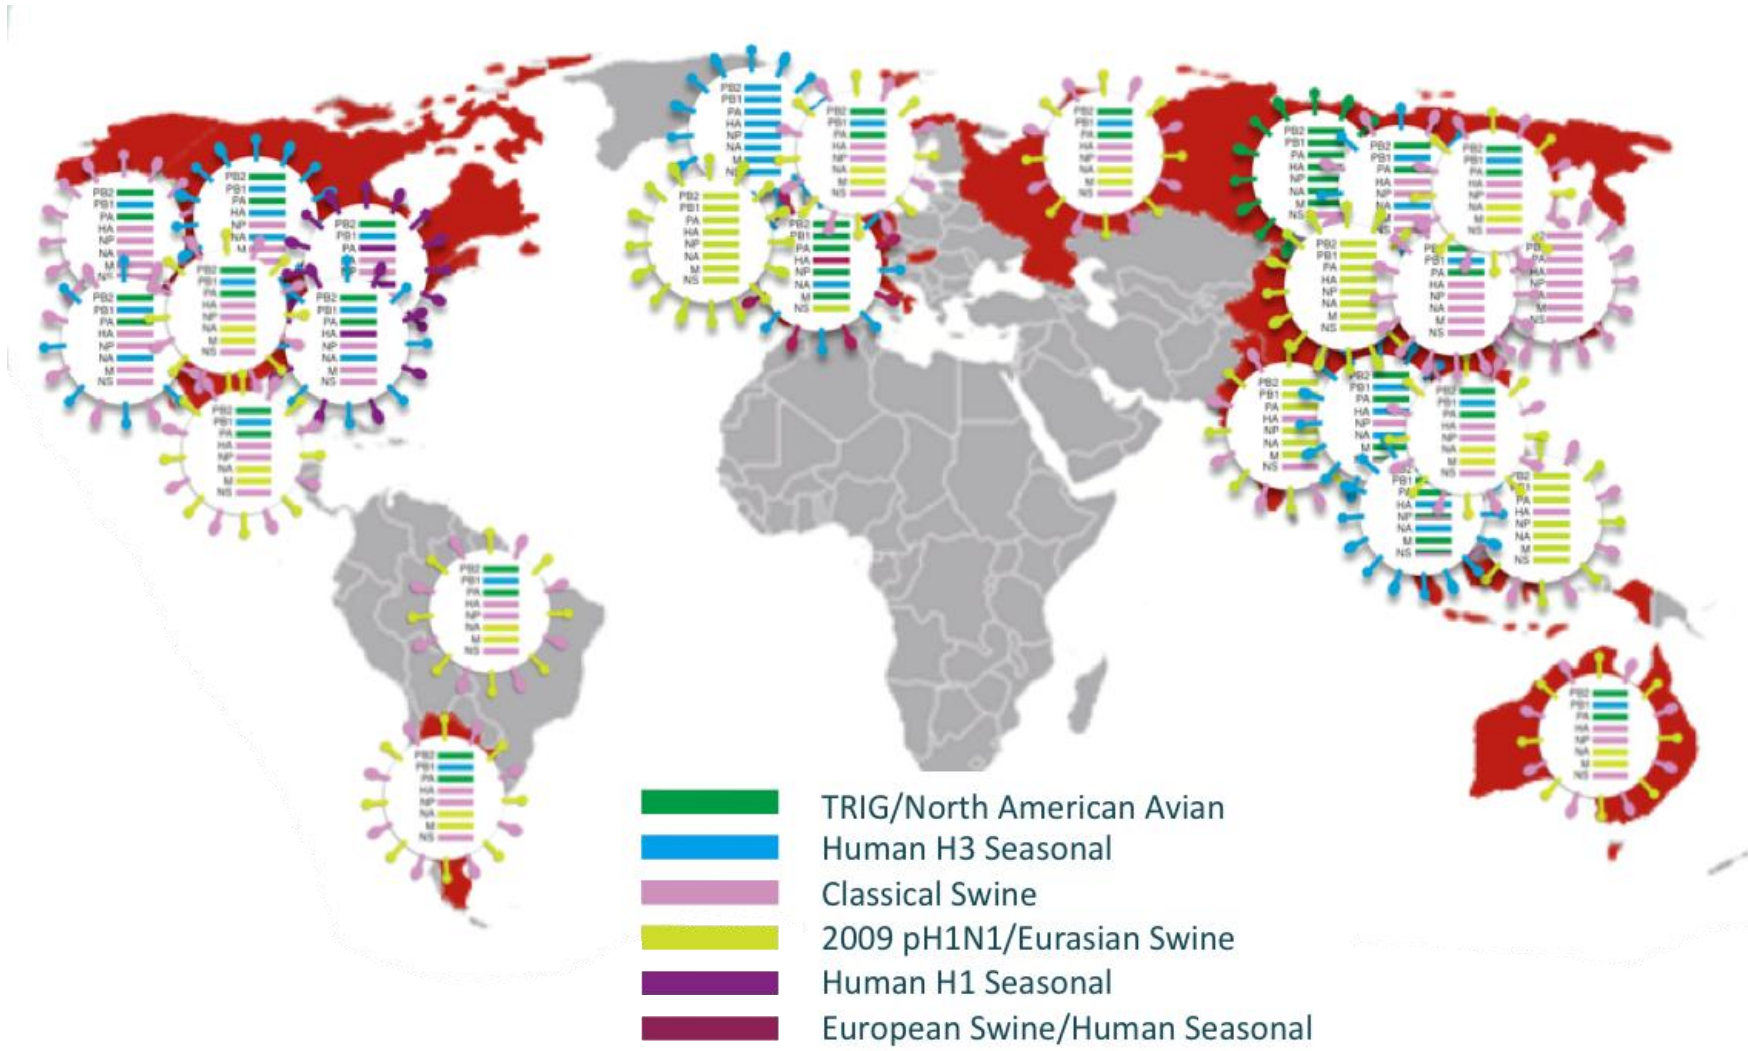

---

- Provide expert opinion and technical advice to international organizations and other relevant stakeholders
- Gather, exchange, and disseminate global knowledge of SIV and keep under continuous review
- Identify and define gaps in knowledge in surveillance and research
- Evaluate and communicate information regarding viruses posing potential risk to veterinary and public health

Second annual meeting held last week in Paris

Tuesday 27 March 2012	
Chair: Kristien Van Reeth	
09.30 – 09.45	Welcome and introductions – OIE
Current State of SIV by region and Activity Updates	
09.45 – 10.00	Europe update – ESNIP3 - Kristien / Ian
10.00 – 10.15	U.S. update (Swine) - Marie
10.15 – 10.30	USDA activities - Sabrina / Amy
10.30 – 10.45	NIH CEIRS activities - Richard
10.45 – 11.00	U.S update (Public health) - Ruben
11.00 – 11.15	Coffee
11.15 – 11.30	Canada update - John
11.30 – 11.45	Brazil update - Janice
11.45 – 12.00	Argentina / South America update - Ariel
12.00 – 12.15	China update – Hualan
12.15 – 12.30	Hong Kong update - Malik
12.30 – 14.00	Lunch break
14.00 – 14.15	Thailand update - Sujira
14.15 – 14.30	Japan / SE Asia update – Taki / Sujira (tbc)
14.30 – 14.45	Vietnam update - Nguyen
14.45 – 15.00	Australia & Oceania update - Frank
15.00 – 15.15	FAO global update - Filip
15.15 – 15.30	WHO global update and SIV surveillance data contribution to VCM - Liz
15.30 – 15.45	Nominate Sub-Committee to draft Terms of Reference
15.45 – 16.00	Coffee

# Progress “To make sense of this” *Marie Gramer 2012.*

# Facilitating global SIV surveillance

---

---

- List of representative viruses by region
- Identify appropriate diagnostic/research tests
- Provide recommended testing algorithms

# Action Items

---

- Publication of lists of viruses and diagnostic tests, and testing algorithms
- Write and publish SIV Group publication of network's statement
- Publish a paper on SIV Review and OFFLU activities surveillance
- Review technical documents on SIV Surveillance and Diagnostics e.g., FAO EPT+ Sampling Protocol,
- Update group slides and make poster
- Write a one page concept note for funding to maintain group
- Update research priorities for SIV
- Define and develop a minimum reference panel of sera for global SIV
- Global antigenic cartography
